

TLILIC0005 – LICENCE TO OPERATE A BOOM-TYPE ELEVATING WORK PLATFORM (BOOM LENGTH 11 METRES OR MORE)

This course is designed to provide learners with the skills and knowledge required to safely operate a boom-type Elevating Work Platform (EWP) where the length of the boom is 11metres or more in accordance with all relevant legislative requirements. Competence in this unit, does not in itself result in a HRWL licence to operate this plant. A boom-type elevating work platform means a telescoping device, hinged device, articulated device, or any combination of these, used to support a platform on which personnel, equipment and materials may be elevated.

Course Content

- Work planning and preparation
- Hazard management
- Set up and operate EWP
- Emergency procedures
- Conduct routine checks
- Locating equipment in place for work

Please Note:

- Must be 18 years of age or above to undertake the assessment
- A person performing this work is required to hold a boom-type elevating work platform High-Risk Work Licence (HRWL).
- Competency must be achieved to the VET Unit prior to commencing the HRWL Assessment. If Competency to the VET Unit is not achieved, the course will need to be extended and additional fees will apply.
- It is **strongly recommended that learners** read the Training Manual prior to attending.
